PROLOGUE

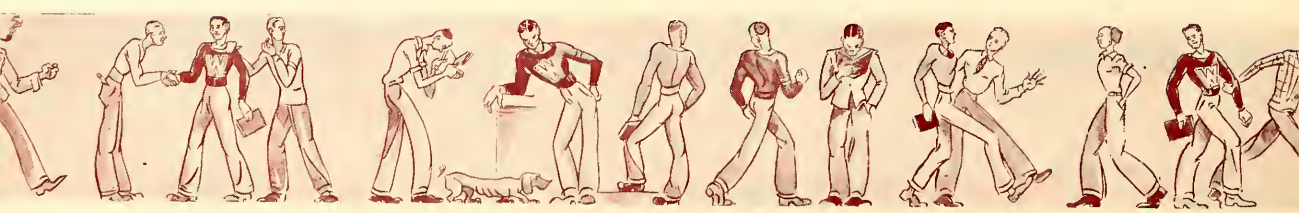
We of the Staff present to you this 1937 edition of the Wabash with mingled emotions—anticipation, apology, pride, and relief.

We are proud of the finished product, and only hope that you will like it as well as we do. We apologize for a few obvious deficiencies.

It is a relief to be finished. The production of a year-book is no small job, and it is a constant worry; but it's a lot of fun in the long run.

Well can we remember spending an entire Saturday afternoon of propping up fraternity badges and manipulating shadows for the ORGANIZATIONS division page photograph. We haven't forgotten the glue we got all over our hands, our clothes, and even the photographs themselves, when we mounted for page three . . . nor long nights spent around the stove in the back of Hirsh's studio, pondering over deep problems of proportion, reduction, and contrast. And we'll never forget the task of getting all of the organizations and all of the individuals before the camera for their shots.

In the course of the job we have learned photography, engraving, printing, sales-resistance, and how to write daily notes to



PROLOGUE

the Dean. In fact, we have gained the better half of a good, liberal education.

Perhaps we should begin here and distribute a few thanks which are due.

In the first place, we want to thank all the gang at Hirshburg's, without which there would be no 1937 Wabash. Hirsh himself is responsible for most of the photography, and did a swell job. Kate Reynolds spent hours and hours overtime, arranging and identifying people and pictures and giving us the benefit of her "eight years on the Wabash Staff." Skip and John, too, helped us in every way and got us out of many a jam.

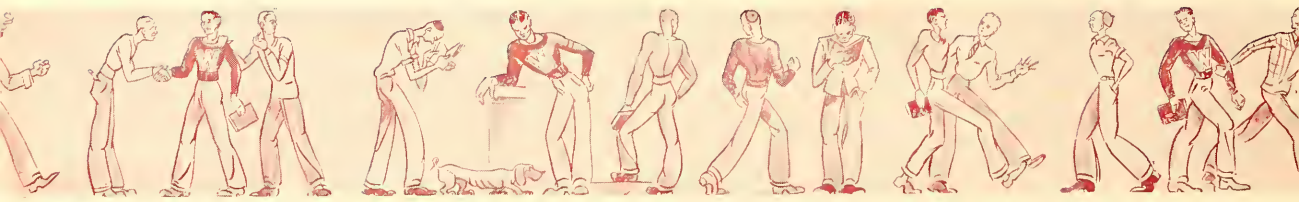
We want to thank Joe Todd and Noble Ropkey, of the Indianapolis Engraving Company, for all of their help.

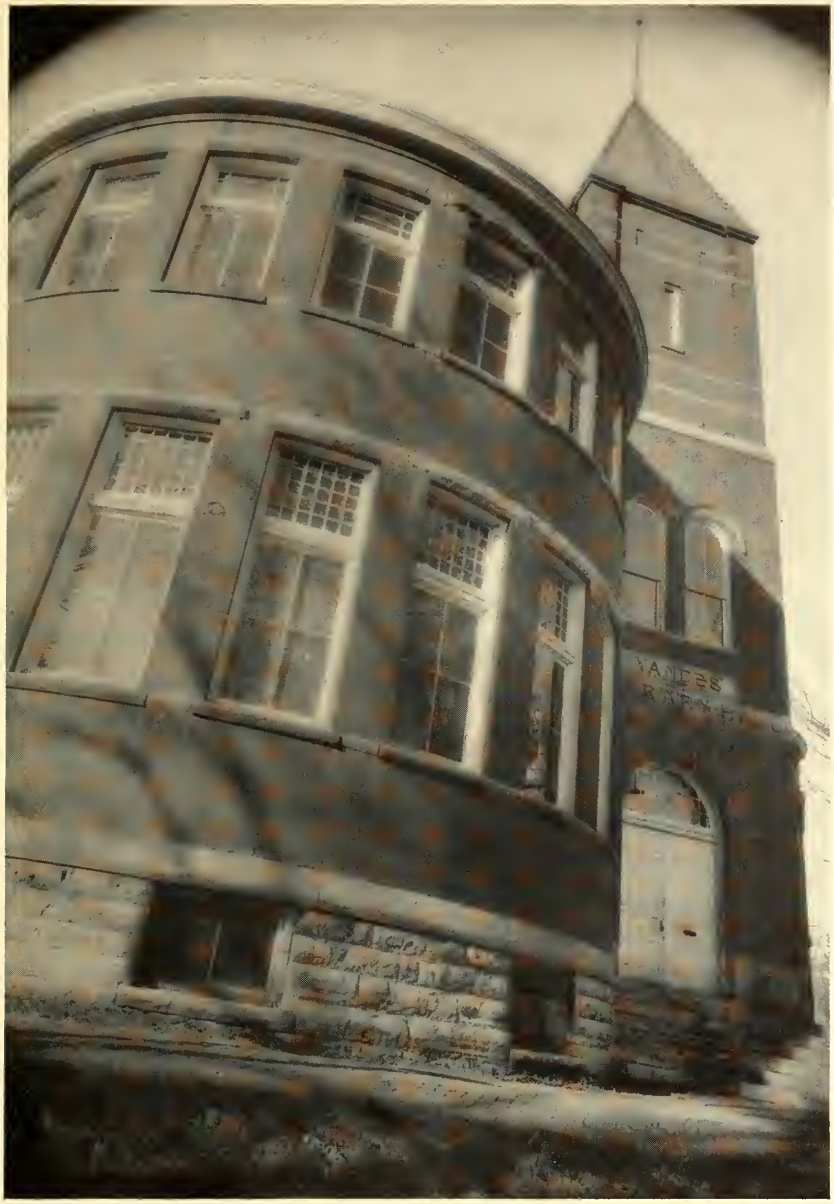
And we are deeply appreciative of the assistance and cooperation given us by Tom McConnell, of The Benton Review Shop, on the printing angle.

Having taken this opportunity of giving a bit of credit to those who helped us, we have just one more thing to say — we hope you like it!

THE STAFF

Public Library
Crawfordsville, Ind.
57-1118
1378.772





IN this, the first division of the book, we have included portraits of the officers of the College and of the professors, those of the members of the Senior Class (labelled, not satirically, WISEMEN), and the other class groups. Beneath the Juniors, Sophomores, and Freshmen will be found short essays supposedly typifying the classes—these essays being from the pen of one of the more imaginative members of the Staff. No offense is intended. Opposite this page Professor Hutsinpillar may be seen, explaining some singular phase of English Literature.

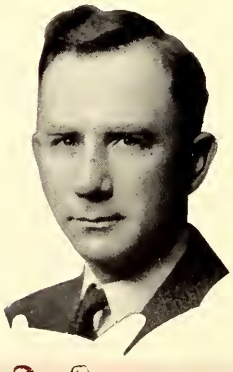
Mem. Phi Eta, American Historical Association, Academy of Political Science, Indiana Historical Association, Association of University Professors. Interest: diplomacy. Presbyterian. At Wabash since 1924. Hobbies: hiking, writing, gardening.

LLOYD BRELSFORD HOWELL

Professor of Chemistry; b. Piqua, Ohio, August 28, 1887; s. G. L. Howell; Wabash Coll. A.B., 1909; U. of Illinois, M.S., Ph.D., 1919; m. A. Ione Todd, 1909; four children. Previously employed as high school teacher and coach in Indiana, Ohio, and Illinois; graduate and research work at Ohio State U. and U. of Illinois, and instructor at U. of Illinois and Rice Institute. Mem. Lambda Chi Alpha, Sigma Xi, Phi Lambda Upsilon, American Chemistry Society, Indiana Academy of Science, A.A.A.S., Ouiatenon Club. Interest: Organic Analysis, Physical Organic Chemistry. At Wabash in 1912-13 and since 1924. Hobbies: research, fishing, gardening. Republican. Presbyterian.

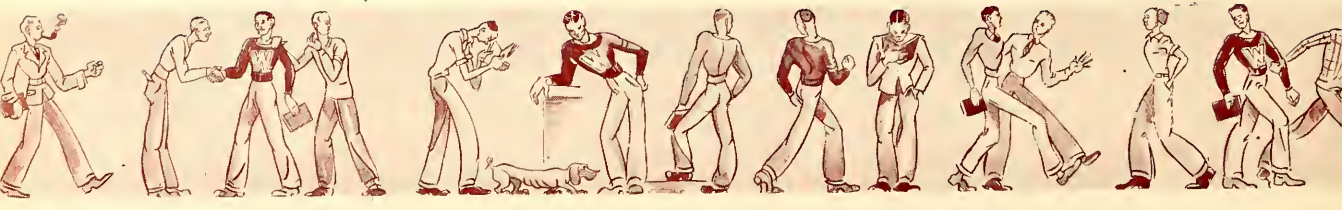
GEORGE WILLIAM HORTON

Peck-Williams Professor of Physics; b. Chillicothe, Illinois, May 11, 1896; s. Rev. and Mrs. Edward R. Horton; Illinois Wesleyan, B.S., Wisconsin U., M.S.; m. Leah Burnsted; children—George William, Jr., Edward Robert. Instructor Physics, Northwestern U. 1919-1921; Assistant in Physics, University of Wisconsin, 1921-24. Mem. of Tau Kappa Epsilon, Gamma Alpha, Sigma Xi, American Physical Society, American Association of Physics Teachers, Indiana Academy of Science; Republican; Presbyterian. Clubs: Ouiatenon, Dramatic, Music Club. Interest: sound. At Wabash since 1924. Hobbies: stamps, choral music, puzzles.



NEIL CHARLES HUTSINPILLAR

Associate Professor of English; b. Ironton, Ohio, February 20, 1886; s. Charles A. Hutsinpillar; Ohio State U., A.B., U. of Chicago, A.M. Previously employed as a chemist in Ivorydale, Ohio; taught at Culver Military Academy and Huron College. Mem. Phi Kappa Alpha, Ouiatenon Club. Interest: drama. At Wabash since 1920. Presbyterian. Independent.



FACULTY

OBED SIMON JOHNSON

Professor of Religion and Philosophy; b. Harcourt, Iowa, May 5, 1881; s. John P. and Joanna D. Johnson; Oberlin Coll. A.B., 1909; U. of California, Ph.D., 1925; m. Vida Lowery; children—James W., Joanna D.; Chaplain Wabash College. Previously with missionary service, Canton, China; Instructor at Mills Coll., Stanford, O., U. of California. Mem. Delta Sigma Rho, American Oriental Society, Royal Asiatic Society. At Wabash since 1929. Author: A Study of Chinese Alchemy.

CHARLES ETIENNE KUONEN

Instructor in Physics; b. Rensselaer, Indiana, October 10, 1911; s. Mae Kuonen; DePauw U., A.B., 1933; m. Louise M. Butler. At Wabash since 1935.

CLARENCE E. LEAVENWORTH

Professor of Romance Languages and Literature; b. Middlebury, Vermont, April 27, 1887; s. Clarence G. and Julia (Eldridge) L.; Hamilton Coll. A.B.; Yale U., M.A.; U. of Chicago, Ph.D.; U. of Paris; Columbia U.; U. of Florence; m. Annie J. Crim; children—William C. Taught languages in high schools in New York, Cleveland, and in Randolph-Macon Women's Coll. Mem. Delta Upsilon, Phi Beta Kappa, American Association of Teachers of French, American Association of University Professors. Interest: French. At Wabash since 1916. Hobbies: drawing, painting and gardening.

LEVI ROBERT LIND

Assistant Professor of Classics; U. of Illinois, A.B., 1929; A.M., 1932; Ph.D. 1936. Mem. of Phi Beta Kappa, Phi Kappa Epsilon, Phi Eta Sigma, American Philogical Association, American Classical League, American Civil Liberties Union, Ouiatenon Club. At Wabash since 1929. Hobbies: writing, poetry, research, tennis. Author: What Rome Has Left Us (1935); articles, reviews, essays in the learned journals.

FACULTY

HENRY CLOSE MONTGOMERY

Associate Professor of Classics; b. Seymour, Indiana, August 1, 1901; s. H. C. Montgomery, Sr.; Hanover Coll., A.B.; U. of Illinois, A.M.; graduate work at U. of Columbia, Rome, Heidelberg, Vienna, Colorado; m. Margaret Stuart; children— Ann, Henry C., Jr. Previously employed as Athletic Director, High School, Divernon, Illinois; Assistant in Classics Department U. of Illinois. Mem. Phi Delta Theta, Phi Eta, Phi Kappa Epsilon, Indiana Classical Association; In college won letters in three sports; intercollegiate tennis champion of Indiana in 1919. At Wabash since 1926. Independent; Presbyterian. Hobbies: music, sports. Clubs: Ouiatenon, Crawfordsville Music Club.

FERGUSON REDDIE ORMES

Professor of Economics; b. Colorado Springs, Colorado, November 27, 1891; s. M. D. and Eleanor R. Ormes; Colorado Coll. A.B., 1912; Yale, A.B., 1913; U. of Chicago, A.M., 1925; m. Emily Schlemmer. Children—Robert, David, and Emily. Comptroller of Wabash Coll. Previously employed as accountant, Pace and Pace, N. Y., 1919-21; Instructor, Georgia Tech., 1912-14; with U. S. Naval Reserves, 1917-19. Interest: accounting, money and banking. At Wabash since 1921. Hobbies: ping-pong, chess and guitar. Presbyterian. Independent. Mem. Alpha Sigma Pi.

JAMES INSLEY OSBORNE

Yandes Professor of the English Language and Literature; b. Crawfordsville, Indiana, February 25, 1887; s. James Harvey and Grace (Insley) Osborne; Wabash Coll. A.B., 1906; A.M., 1907; Oxford U. 1911-14; A.B., (Rhodes Scholar) 1913; Columbia, Ph.D., 1919; m. Elsie Alan Walkup of Crawfordsville, April 21, 1921 (died August 21, 1923) m. 2nd Frances Doane of Evanston, Illinois, July 6, 1927. Children—two. Served as First Lieutenant Military Intelligence Division, U. S. A., 1918-19, attached to American Peace Commission, Paris, Member Beta Theta Pi, Phi Beta Kappa. Presbyterian. SENIOR COUNCIL

THE Senior Council is made up of twelve members of the senior class, selected for their ability in directing college activities. One member is chosen from each one of the seven fraternities, and five are chosen from among the independent men.

Among the duties of the Senior Council are sponsoring the finances of college clubs and organizations and regulating student conduct. By this council form of representative government the students as a whole are brought into direct contact with the administration of the school.

The Council holds a regular meeting every two weeks. At the beginning of the year the budget for college activities is made up, from the assessment included in the tuition fee.

The election of Council members is performed by members of the preceding year's Council. Each new member must be approved by all of the members of the old Council.

JUNIORS

ROBERT JONES

HARRY RUTLEDGE

CARL BERGQUIST

SOPHOMORES

LESTER ADAMS

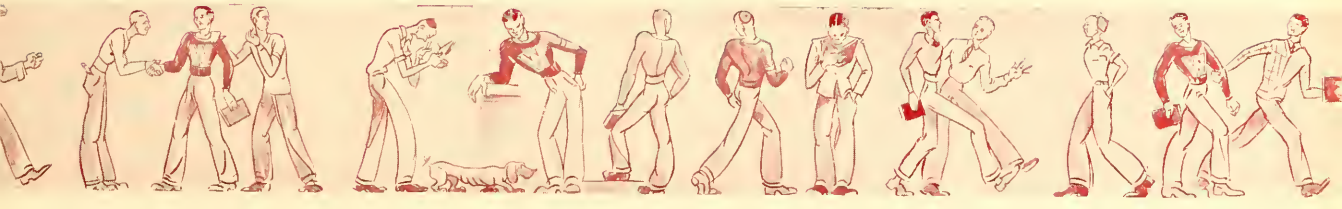
FRANK KOBAL

ROBERT BURWELL

FRESHMEN

ORVILLE POST

BILL BURK



I. Johnson, Alexander, McCullough, Rickett, Arnett, Hough, Tapy, Ziegweid, Colin, Gruca.

II. Carson, Wright, Purdy, Davis, Sutton, Tauscher, Berquist, Stone, Risley.

III. Rasmussen, Berns, Larrabee, Anderson, Baron, Hays, Horn, Hester, Favorite.

IV. Tyre, Reynolds, Schleich, Dryer, Piel, Edwards, Fertig, Zmija.

JUNIOR

THE Class of 1938 was this year conspicuous mainly for its inactivity and its jackets. The wearers of the maroon and gray waded laboriously through their pipe courses, sweating and groaning and with just enough strength to keep from falling by the wayside. Psychologically speaking, this is an interesting group. Having fairly well mastered the first two years' feeling of inferiority, the junior commences to build up that mighty wall of indifference which is so pronounced in the senior year. At the same time comes a wave of conservatism, an abhorrence for anything new, a hatred of anything that threatens to arouse him from his lethargic life and stir him into unwanted activity.

CLASS

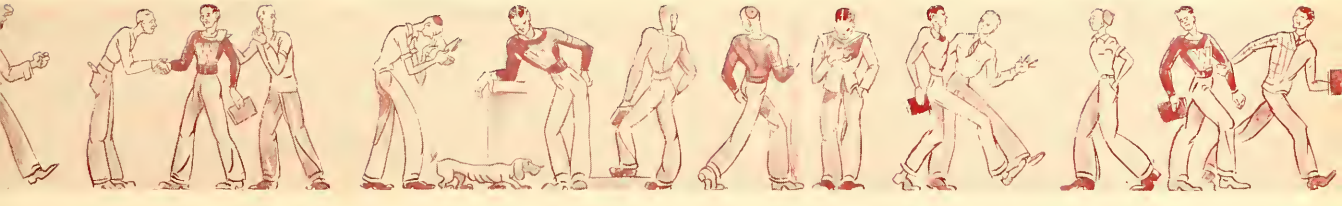
I. Young, Shortridge, Mefford, Schleich, Rutledge, Zmija, Klokoski.

II. Van Auken, Hamlin, Huber, Butler, Jones, Gruca, Merrill, Leming, Koffend, Hood.

III. Starnes, Phillips, Larrabee, Ludington, Hack, Savidge, Heintz, Canine, Moritz.

IV. Langfitt, Gaines, Sidener, Johnson, Matthews, McKay, Hegarty.

UNDERSTAND, this is the average junior. There were some notable exceptions—some brave souls who dared the scorn of their classmates and were actually distinguished in school affairs. These were few, but they gave hope to the rest of the school that the Class of 1938 was not a complete washout, not a complete one. Be that as it may, the juniors are soon to be autocratic seniors; the last vestige of humanism will drop from them and the final cloak of senior insouciance-d'ennui will come to take its place. But do not despise the junior soon to be a senior, my friends, do not hate them—for they know not what they do!



I. Fox, Wright, Schaub, Winslow, Arnett, Mayberry, Kent, Burwell, Fuller, Lewellen, Foreman, Lee.

II. Barlow, Beswick, Gineris, Gohman, Messick, Emerson, Lee, Stross, Pack, Kobal.

III. Wahl, Campbell, Knebel, Kitzmiller, Stewart, Himes, Cassel, Dearborn, Supple.

IV. Norman, Coy-Kendall, Flanigon, Meschuk, Showalter, White, Quickel, Hanscom.

SOPHOMORE

THE sophomore class (from the Greek: sophos, wise —moros, foolish) is composed of about seventy-five invalids recovering from the indignities of the freshman year. The air of amused toleration with which upper classes have long regarded sophomores has had its usual effect on the class of 1939; and, as a result, we find a group of comparative introverts retreating within their shells, wearing a perpetual look of martyrish persecution, and gloating over their very own page in the Caveman. However, tempis certainly does fugit fast, for along towards May we find sophomore faces losing that haunted expression and adopting the aloof frown of the junior. Rivalry between sophomores and freshmen wasn't so pronounced this year, the sophomores holding themselves down to the nasty but effective trick of setting off the freshman bonfire before time.

CLASS

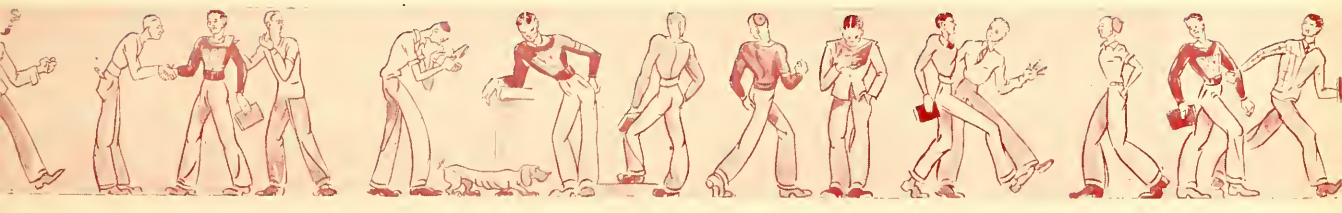
I. Johnson, Rhode, Helfrich, Jones, Jewell, Hollinger, Wavrinek, Lane, Marciniak, Hunt.

II. Stout, Kobalwitz, Janus, Janus, Elliott, Weesner, Wakeley, Adams, Nordmann, Work.

III. Novosel, Keck, Rich, Vosloh, Hawkins, Walker, Wagner, Smits, Fulton.

IV. Fisher, Long, Baur, Long, Robertson, Pierson, Davis, Stout.

THROUGH their efforts two beautiful Chic Sale palaces were consigned to ashes—and at the same time they burned up the freshmen no end. South and Peck Halls were the favorite haunts of the sophomore this year, and almost any afternoon groups could be seen romping about with fruit flies, mixing beverages in the Chem lab., and juggling warm ice in Physics. But all of that will be over soon, and the wormish sophomores will burst into beautiful junior butterflies. From the drab, wriggling creatures of the second year come the gorgeous, ethereal beings of the third. So here's luck to the sophomore on the second half of the four year sentence!



I. Brooks, Sieber, Fisher, Bullock, Herron, Dewey, B. James, Stofer, Gostlin.

II. Murdock, Griffin, Brumbaugh, Crowl, Tyler, Henson, Grimes.

III. Hamilton, Boord, Grunewald, Walker, Post, McCarthy, Evans, Cossit, Spear.

IV. Salyer, Moffat, Bechtel, Haines, Moore, Van Sickle, Hoopingarner, Johnson, Sanders, Scholz, Doermann, Schaedler.

V. Jones, Sumner, Bushong, Kinnaman, Beers, Bash, Orcutt, Eltzroth, Ryder, Lawless.

FRESHMAN

THE class of 1940 is composed of fifty souls residing in ninety-six odd bodies. Supposedly one of the most intelligent classes the school has ever seen, this year's freshmen early distinguished themselves as having an absolute lack of any theoretical or practical learning, a startling paucity of the desire to learn, and a horrible lack of the desire to learn. But, nevertheless, they showed themselves to be fine fellows with hearts of gold. Apparently their lot in life is to spread sunshine in every corner, whether it's wanted or not. Certain it is that their antics—such as painting the senior bench, discarding toques for nocturnal adventures, and generally raising Mary Nell—brought sunshine into the hearts of the Senior Council (see page thirty-three).

CLASS

I. Lamond, Heimbrodt, Kime, Carr, Michaelson, Bowman, Elmore.

II. Sheldon, Burk, Worley, Minton, Gorman, Milligan, Gostlin.

III. Allen, Rickett, Powers, Cronk, Kraus, Wirt, Welfel, George, Pease, VanCleave, McDermott.

IV. Bordner, R. James, Spooner, Hill, Ayres, Rohrs, Flaningam, Moffat, Shearer, Cochrane, Ratcliff, Rhode.

V. Steeg, Goodwin, Cronk, Salyer, Winters, Supple, Loveless.

SUNSHINE it was, sunshine that often threatened to turn into a stormy day. But really, the freshmen are not so much to blame. Offensive as freshmen may be, they cannot help it. They are just a part of a gigantic machine, a cog in a massive flywheel. As a part of the Wabash system they lost their individual personalities and merged into one huge group, displeasing and distasteful as it was. Soon, though, they will be sophomores and free to wreak their vengeance upon the class of 1941. And a terrible vengeance it will be, too!

ATHLETICS have always played an important part in life at Wabash—though not too important, as President Hopkins will tell you. In this section of your year-book we have placed individual pictures of Wabash's athletes, together with a few action photos snapped at various games. Write-ups of the principal events are also included—short but, we hope, to the point. In other sports, team groups are used with the write-ups.

ATHLET

"W" MEN'S CLUB

I. Rich, Hester, Klokoski, Marciniak, Moring, Gruca, Miller, Dawson, Mefford.

II. Novosel, Rutledge, Nordmann, Davis, Newell, Bergquist, Wolff, Seaman.

III. Wahl, Rogers, Williams, Sutton, Heintz, Lloyd, Hurt.

IV. Van Duzer, Jones, Van Der Vries, Long, Burwell, Adams, Kobal, Pack.

V. Kitzmiller, Alexander, Prestin, Cooney.

THE "W" Men's Club is an association of Wabash men who have won their emblems in some branch of the varied athletic program of the school. Membership is automatic, coming upon the winning of a "W" either for active participation in a sport or for work as a student manager or a cheer leader. The club has no official organization, but has for its aims sportsmanship, college spirit, and friendly relationship between athletes. Efforts are being made by some of its members to organize the club and elect officers. They feel that the organization will be an influential "booster" of college spirit and a body which is representative of the ideals of Wabash College. While it cannot be said that a majority of Wabash men belong to the club, it is nevertheless true that its membership includes a representative group of campus men. Due to the fact that its personnel is ever changing, it is almost impossible to get a complete roster of its members.

FOOTBALL

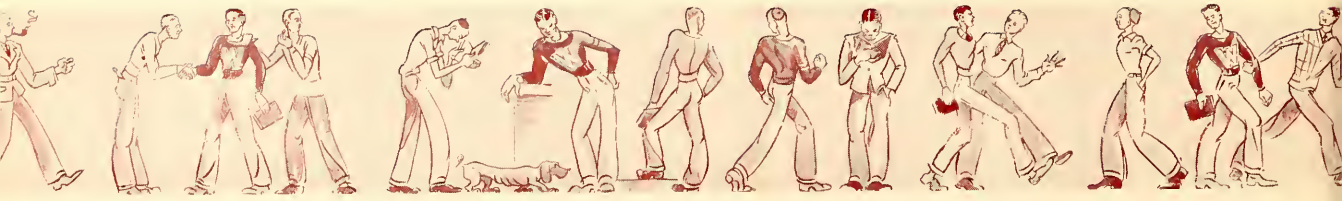
L I T T L E

Wolff, Gilbert, Gruca,

Sidener,

Miller, Bergquist, Klokoski.

THE grid season of '36 opened last fall with a great many rooters fearing for a team which had lost a great deal of its varsity line-up. These fears and doubts were soon dispelled by a fighting Little Giant team which finally emerged from the season with seven wins and one loss. The loss was to the winner of the Indiana Secondary School championship; this defeat at the hands of Butler was by a score of 8-7, and most of the Wabash players trotted to the showers at the end of that game with a victorious smile on their faces in spite of defeat.



G I A N T S

September 26; Wabash 6, Illinois College 2:

AS guests at Jacksonville, Illinois, the Little Giants splashed their way to victory in a veritable sea of mud. Joe Gruca scored after a fifty yard march down the field by two passes to Pack and some excellent running plays. Midway in the last quarter Illinois College was advancing steadily towards the Wabash goal line, but a fumble on the one-foot line spoiled their chances of scoring. With their backs to the uprights our men displayed some excellent football strategy when they decided on a safety and a free kick out of the mire. In spite of the poor footing, Pack and Gruca and Klokoski played heads-up ball throughout the entire game. Substitutes, two.

Schleich, Baker, Moring,
Cooney,
White, Lane, Rich.

L I T T L E

Hurt, Reger, Tauscher,
Cassell, Nordman,
Rutledge, Wahl, Marciniak.

October 3; Wabash 18, Earlham 0:

THE boys in the Scarlet opened their home season on Ingall's Field by downing the Earlham Quakers. Wabash balanced a strong passing attack with effective running plays and scored three times—twice with Pack carrying the ball and once with Klokoski crossing the goal line. The game was somewhat marred by frequent fumbling on both sides. Laterals were flung far and wide, and interceptions of these passes displayed the lateral pass in its most dangerous mood. Wolff and Johnson turned in great cards for the day; Joe Gruca was slightly injured. The Band wore new uniforms and played some fine tunes. Substitutes, eleven.

G I A N T S

October 10; Wabash 19, Manchester 6:

THE following weekend the Wabash boys encountered a heavy Manchester team which outweighed them from ten to twenty pounds. The aggressive Manchester backs ran into stubborn opposition when they tried to puncture the Wabash line. They were not able to score until the last quarter, when a Scarlet fumble gave them the ball on the twenty-seven yard line. Wolff made the first point-after in this game, the only one in three games. Gruca was the first to score. After the exchange of punts Wabash placed the oval on Manchester's twenty and made a push for another tally. A beautiful pass from Pack to Wolff scored the final count. Substitutes, five.

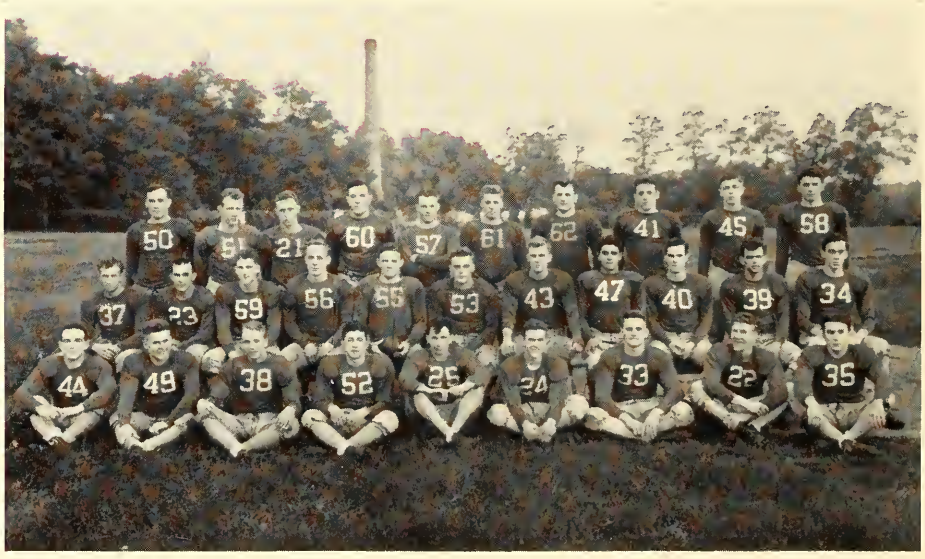
Kobal, Adams, Pack,

Heintz,

Novosel, Burwell, Gomberg.

October 17; Wabash 19, Rose Poly 0:

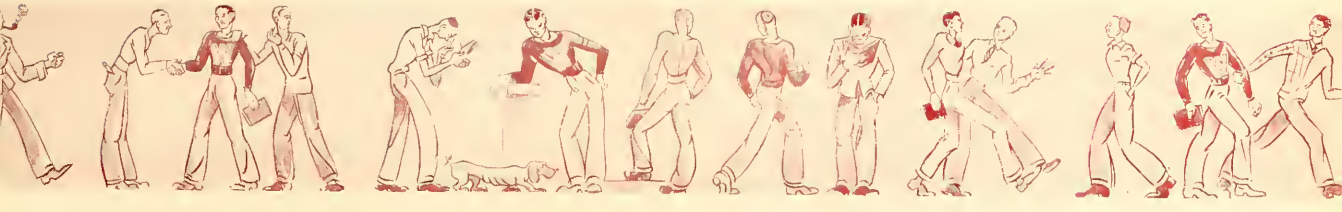
IN the second home game, the following week-end, the Scarlet encountered a big team which again greatly outweighed them. The Engineers, however, were not as capable as our boys—although they did have a fancy shift and some fancy new uniforms. In the very first period Cooney snatched a pass from the able arm of Bill Pack and made the first score. After recovering a fumble late in the quarter on their forty-five yard line, our aerial attack clicked and three passes carried the ball to the one yard line. Klokoski plunged for the second score. In the second quarter the reserve backs made their debut appearance en masse, but at the opening of the second half the regulars made the final push and the third touchdown. Substitutes, eleven.



FRESHMEN

I. Rickett, Beers, Bordner, Ayres, Heimbrodt, Michaelson, Martin, Kraus, Kime, Burk, Fisher, Trout.

II. Sim, Winters, Moffat, Jackson, Supple, Bechtel, Lamond, Salyer, Goodwin, Loveless.



October 24; Butler 8, Wabash 7:

THE great event of Homecoming was this closely contested battle with Butler. Wabash displayed an aerial attack which left the heavy Bulldogs bewildered. We completed thirteen out of eighteen passes attempted. The Pack-to-Wolff combination gained the largest amount of ground. Cooney scored for the Little Giants and before the cries of triumph had subsided Welton of Butler charged through our line for a fifty-three yard gallop to the goal line. Wabash attempted to kick in the third quarter, but the kick was blocked for a safety. Cooney, Wolff, Johnson, and Miller played the outstanding ball for the Little Giants.

October 31; Wabash 20, Evansville 0:

THE Little Giants travelled in the next game, and with the aid of the second string downed the Purple Aces on their own field. All of the scoring was done in the first part of the game, two tallies in the first quarter and one in the second. Pack spiralled a forward to Wolff, who lateralled to White just as he was tackled; White scored. Wolff converted. Later, Pack shot another pass to Wolff and he made the second touchdown. Kobal caught a pass from Marciniak for the third count. The Scarlet seemed to have hit their stride in aerial offense, for with Cooney and Pack rifling we completed eleven out of eighteen attempted. Substitutes, eleven.

November 7; Wabash 21, Franklin 0:

THE Little Giants returned and successfully terminated their home season when they downed the Grizzlies. By garnering three complete scores the Scarlet gave a fine exhibition for the throng of Parents' Day spectators. Cooney's pass to White netted the first count; Marciniak caught a pass and made the second; Hoke made the third. Substitutes, eight.

November 14; Wabash 19, DePauw 0:

EXCEPTIONAL spirit was displayed this year before the DePauw game. Wabash scorched the D.P.U. green by scoring in the first period. Pack threw a beautiful pass to Wolff, who evaded the Tigers' safety man and made the first score. White returned a punt eighty-eight yards for a sensational touchdown. The Wabash stands went wild. Lennie Wolff made the final score after catching Pack's ball. Glorious victory . . . sensational plays . . . marvellous coaching . . . voluminous rooting . . . extra day at Thanksgiving!

BASKETBALL

1937

Cruca, Hester, Fuller,
Long, Berns, Lloyd.

THE end of the basketball season found the Scarlet netters on the short end of a record consisting of four wins and ten losses—a percentage of .28. The voices of sorrow and alarm can quickly be quieted by the assumption of an 'Earlham viewpoint' of moral victory.

Coach Pete Vaughan was confronted with the task of replacing Heath, Davis, Booie Snyder, and Ben Mason, who comprised four-fifths of the starting line-up last year.

Jack Berns displayed the same sterling brand of ball this year as he showed last season. Jack, always playing a steady and heads-up game, was the high point man for the season and the outstanding man on the Wabash squad.

BASKETBALL

Rutledge, Kobal, Seaman,
Pack, Williams, Kitzmiller.

JACK has another year on the team and will undoubtedly continue to make an earnest and conscientious effort.

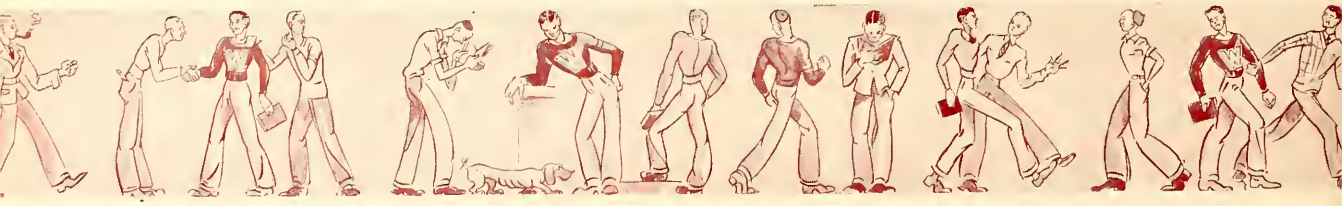
Captain-elect 'Tuck' Williams, fully recovered from the broken wrist that kept him idle last year, teamed with Berns as the other half of the forward combination. Tuck proved to be an exceptionally fast dribbler and the possessor of a keen basket eye, which placed him as an outstanding man on the team.

Lanky sophomore Bob Long assumed the center position vacated by Heath and showed an aptitude for hook, spot, and under-the-basket shots. His steady play and defensive ability cheered the hearts of Wabash rooters, who will welcome him back for the next two seasons.

SOPHOMORE Bill Kitzmiller amazed the fans with his brilliant dribbling and aggressiveness. 'Kitzie' was a bulwark in the Scarlet defense and will display his many talents for the next two seasons.

The sophomore class had another representative on the starting line-up in the person of the sturdy and stalwart Bob Burwell. Bob was chosen from the ranks of the football team to fill the gap at the other guard position. Burwell possessed the knack of being an able spot-shooter and developed into the backbone of the Little Giant defense.

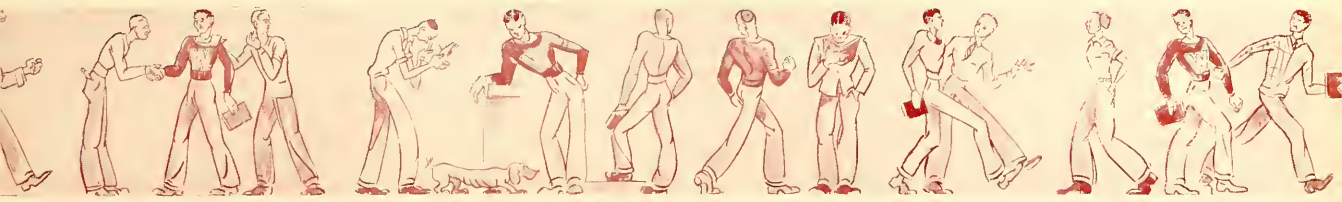
Wayne Lloyd, ineligible last year, proved to be a very valuable asset both as a utility man and as a brilliant guard. Great things are expected of Wayne in his next and last year.



FRESHMAN BASKETBALL

I. Welfel, Shearer, Tyler, Loveless, Minton, Michaelson, Powers.

II. Sumner, Cronk, James, Rhode, Kinnamon, Hensen, Carr, Bechtel.



1937 BASKETBALL

BOB ROGERS found his stride midway in the season and shined on defense and in the centre position. Bob will be greatly missed next year.

Coach Vaughan had two dependable substitutes in Hester and Fuller; they proved their worth many times with their aggressive and sparkling performances.

The Scarlet five consistently played well in the first half of the game, but seemed always to fall down in the last half—and thus lost many close and hard-fought games.

Prospects are bright for next season since only two men of the present team will be gone. Forthcoming from the freshman class are several promising prospects—among them Carr, Minton, James, Michaelson, and Rhode.

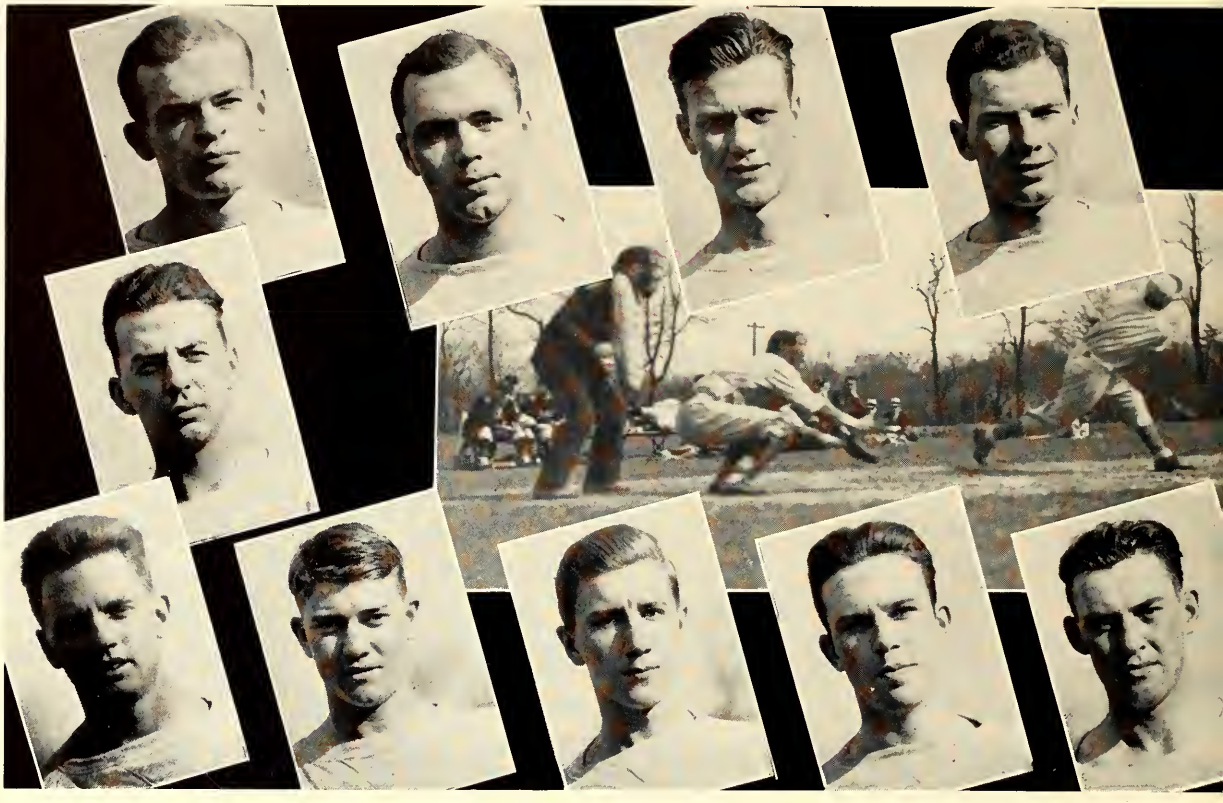
Major awards were presented to Williams, Rogers, Seaman, Berns, Lloyd, Hester, Long, Kitzmiller, Burwell, Pack, Fuller, and the Senior Manager Van Der Vries.

Schedule of games:

December	10	Wabash 59, Taylor 28
	16	Wabash 48, Anderson 38
	23	Wabash 40, Montana State 36
January	4	Wabash 30, Ball State 38
	8	Wabash 23, Earlham 40
	12	Wabash 23, Franklin 34
	16	Wabash 35, Evansville 33
	20	Wabash 24, DePauw 26
February	2	Wabash 13, Butler 26
	4	Game with Evansville cancelled
	9	Wabash 25, Ball State 33
	12	Wabash 36, Earlham 39 (overtime)
	18	Wabash 24, Butler 30
	23	Wabash 33, Franklin 35
	26	Wabash 19, DePauw 37

BASEBALL

1937



Van Duzer, Hanscom, Beswick, Hunt,
Prestine,
Gilbert, Jones, Heintz, Alexander, Davis.

BOLSTERED by the return of six regulars and several promising sophomores and reserves of last year's team, the Little Giant baseball squad looked forward to one of the most successful seasons in many years. Having won, at the time of writing, three of the first five starts and having lost the other two only by slight margins, the Cavemen's warclubs are an ominous threat to those yet scheduled to cross their path. Pre-season reports of weakness and inexperience in the pitching department have been discredited by the sterling performance of Jack White, Carl Prestin, Jack Hester, and Walt Davis. Perhaps the fielding is the weakest spot now.

Jack VanDuzer, veteran catcher, has done much towards backing up the team, and Wayne Hanscom, promising sophomore from Evanston, has a permanent foothold on the first sack. The rest of the starting lineup includes Dick Cooney, 2b; Joe Gruca, 3b; Charles Beswick, ss; Bob Jones, lf; Carl Bergquist, cf; and Bob Alexander, rf.

BASEBALL

Gruca, White, Bergquist,
Spangler,
Cooney, Rich, Hester.

April 13; Wabash 2, Purdue 1:

OPENING the season, Jack White won his own ball game by singling over shortstop to score Hester, who had tripled in the ninth inning. Allowing only seven scattered hits, White struck out nine Boilermakers in as many innings; Purdue used three hurlers.

April 16; Franklin 2, Wabash 1:

A pre-doped pushover Franklin nine put up a stubborn battle to defeat the Little Giants in their second game. Although Carl Prestin pitched a two-hit game, fanning six Grizzlies, inability to hit in the pinches and several errors gave Franklin the victory.

April 17; Wabash 3, Franklin 2; Wabash 5, Franklin 0.

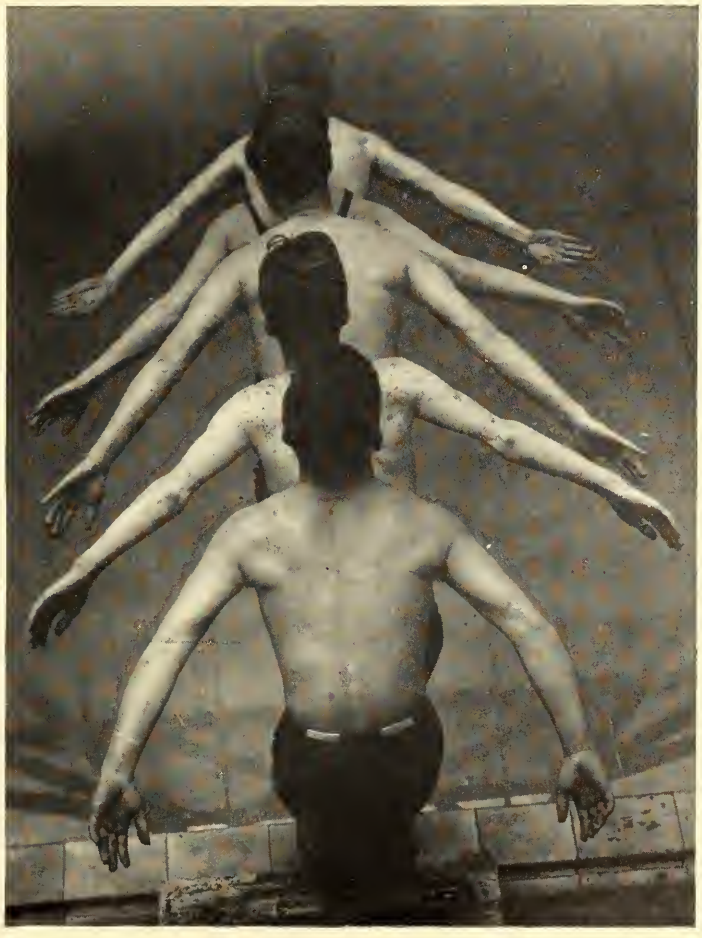
The Little Giants wreaked vengeance the following day by taking both games of a double-header. Hester, pitching in the first, allowed only two hits, while a lone scratch-hit marred Davis' record in the second game.

April 22; Purdue 6, Wabash 5:

TRAVELLING to Lafayette, the Wabash squad was nosed out in spite of a ninth-inning scare. A three-run rally in the fifth inning was insufficient to overcome an early five-run lead. Six Wabash errors aided the Boilermakers considerably. Prestin and Davis, tossing for the Little Giants, allowed only seven hits and struck out three batters apiece.

Remaining on the schedule are games as follows:

April 30, Franklin
May 1, Franklin
May 7, Butler
May 14, Indiana
May 15, Butler
May 19, Purdue
May 24, DePauw
May 27, Butler
June 5, Butler



OTHER SPORTS

CROSS COUNTRY

THE 1936 cross country team enjoyed the best season in several years. After a slow start the squad steadily improved under the skillful coaching of Stan Baker, to whom much credit is due.

Captain George Dawson was by far the most consistent man to finish in the money. The fast-travelling star won two races, and placed second, third, or fourth in most of the other contests.

Baron and Mefford, co-captains-elect for next year, also finished among the leaders.

Hosticka, the fourth letter man on the team, improved rapidly, stepping along at a fast clip by the end of the season.

Harrold and Stout showed great improvement in the season's final test.

The Scarlet had nine meets, six of them away, including trips to Chicago and Ypsilanti, Michigan.

Besides the co-captains, Stout and Gorman and McDermont will bolster the 1937 squad. A tentative schedule of ten meets has already been arranged.

I. Hosticka, Baron, Dawson, Mefford, McDermott.

II. Baker, Harrold, Gorman, Schlick.

SWIMMING

THE Wabash swimming team, coached by Johnny Sutton, worked out at the "Y" during the 1936-37 season. There were several outstanding paddlers who carried the brunt of the attack.

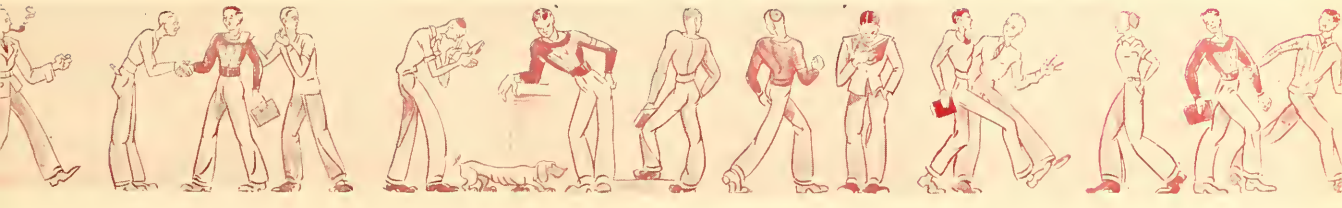
On January 8 the team travelled to DePauw, only to be ducked by the Tigers. However, the Scarlet captured the Medaly relay and backstroke, the latter won by Ross Jewell. Lee, Newell, Porter, and Moring also showed up well in the meet.

The following men worked out regularly in their respective events: Porter, Walker, Barlow, Moring, Newell, Coy-Kendall, Wakeley, Johnson, and Cochrane, free-style; Jewell and Smits, back-stroke thrashers; Jack Lee the main breast-stroke artist; Moring the diving.

Most of this year's team is available for the 1937-38 season. Tentative meets have been arranged with Butler, Purdue, and DePauw. The boys deserve a lot of credit for their efforts, since a swimming team is just getting started after an absence of several years.

I. Sutton, Jewell, Lee, Newell, Porter, Cochrane.

II. Barlow, Moring, Williamson, Wakeley, Walker.



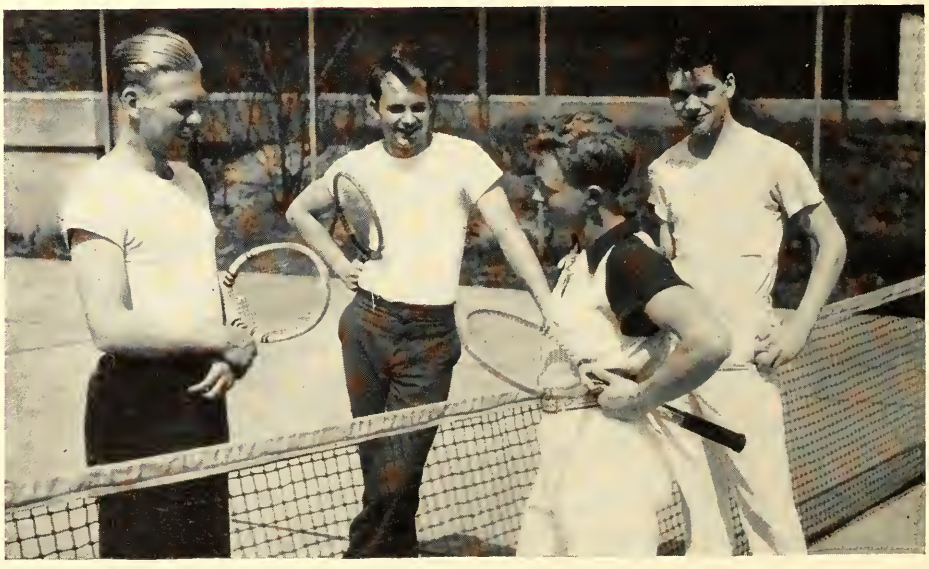
TENNIS

WITH three 1936 letter winners for a nucleus, and with the added strength of several promising sophomores, this year's Wabash tennis team should be one of the most successful in Wabash tennis history. Several matches with nearby colleges have been scheduled, and the team should undoubtedly score some victories.

Fertig, Davis, Mefford, all veterans of last year, should be able to use the benefit of their experience to win over their opponents in both singles and doubles. Joe Mayberry, a sophomore, plays a fine, steady game, and should prove one of the mainstays of the team; while Elliott and Norman can also be counted on to play consistently good tennis. Two seniors, Harrold and Porter, will also probably be fighting for a place on the team.

Matches have been scheduled with DePauw, Michigan, Indiana, and Indiana State Teachers' College. Tentative matches have also been arranged with Ball State Teachers' College and the University of Louisville.

Mefford, Elliott, Mayberry, Fertig.



GOLF

PROSPECTS for the Wabash golf team look exceptionally good, all indications pointing to a successful season.

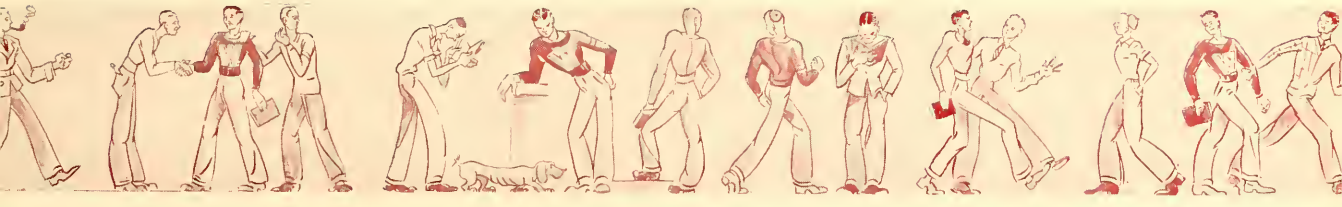
The team is composed of six veterans—Davies, Ziegweid, Weiland, Burke, Groves, and Emerson. This combination should prove hard to beat.

The following matches have been scheduled: two with DePauw, two with Indiana State, one with Armour Tech, and probably two with Purdue. These should all be very interesting contests.

Practice for members of the team started at the beginning of April, on the Crawfordsville Country Club golf course. Competition for the four places on the team should be very stiff, judging from the skill shown by each of the six players.

Some money has been granted to the golf team for use in practice, and the team hopes to get playing privileges from the Club.

Davies, Weiland, Burk, Ziegweid.



INTRA

THE intramural season began with fall tennis. This year the tournament was divided into the singles and doubles tournaments. Joe Mayberry, Beta, and Profesor Montgomery reached the finals in the singles just as the weather put a stop to tennis—so the points for the winner were divided. In the doubles, Montgomery and Paterson of the faculty triumphed over all opposition.

Intramural activities were renewed by the touch football contest. A surprise defeat of the Betas at the hands of the Sigma Chis put the Betas in second place near the end of the season; but they rallied and won over the Phi Gams in the last game of the regular schedule, so that the two were tied for first place. In the playoff game, the Betas downed the Phi Gams with a score of 18-12.

Beta Theta Pi, winner in volleyball for the past four years, was knocked off of its championship seat by the Phi Gams. Five other teams tied for second place; as there was not time for a playoff, straws were drawn and second and third places went to the Kappa Sigs and Betas, respectively.

In basketball, another exciting finish was written when the faculty defeated Kappa Sigma,

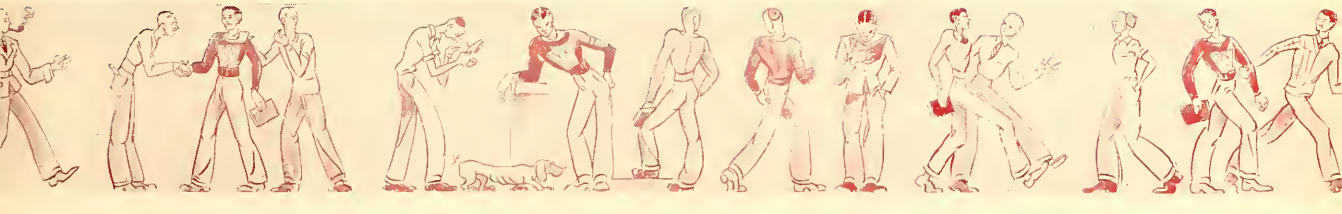
MURALS

putting Beta Theta Pi in a tie with the Kappa Sigs for first place. In the championship game, the Kappa Sigs' Booey Snyder was high point man of the game with 17 points; he was also the individual high-scorer for the season.

The nine teams playing ping-pong were divided into two groups, and the two leaders in each group met for the championship tourney. In the finish, the Phi Gams met the Betas and the two tied in the singles; but the Phi Gams nosed out the Betas in the doubles and were thus the ping-pong champions.

As this book goes to press, badminton and kittenball remain to be played. Below is a list of total points so far:

Beta Theta Pi	144
Phi Gamma Delta	130
Kappa Sigma	101⅓
Faculty	57
Delta Tau Delta	44⅔
Independents	44⅔
Phi Delta Theta	40
Sigma Chi	29⅔
Lambda Chi Alpha	20⅔



ACTIVITIES outside of the routine classroom work must be a part of the life at a liberal arts school; at Wabash they are many and varied, and nearly every Wabash man is interested in at least one of them. Among them are the various forms of public speaking, the clubs for those interested in special fields, and the musical activities. We have also placed here the honorary fraternities, since most of them distinguish Wabash men active outside the scope of the classroom.

HONORARIES

TAU KAPPA ALPHA

TAU Kappa Alpha is a national honorary fraternity for excellence in forensics. Men eligible for this fraternity must have participated in two inter-collegiate decision debates or one inter-collegiate oratorical contest. Outstanding members of the Speakers' Bureau are, with a recommendation from the Speech Department, also eligible for election into Tau Kappa Alpha.

Several meetings were held last year, in which there was a strong move to revise the present constitution of the organization. The members also voted to send to the District Convention at Cincinnati two representatives, Professor Phillips and a student speaker; these men participated in an after-dinner speaking contest with a five-minute speech on the subject "If I Were King."

The Tau Kappa Alpha Key is in the shape of a scroll, in the center of which is a wreath.

James Shepard was president of the fraternity this last year, with Robert McVie and Professor Phillips serving as vice-president and secretary-treasurer, respectively.

I. Martin, McVie, Shepard, Plummer, Walker.

II. McKinsey, Shearer, Kingsbury, Phillips.

PI DELTA EPSILON

MEN on the Wabash campus prominent in journalistic activities are elected to become members of Pi Delta Epsilon, the national honorary journalistic fraternity.

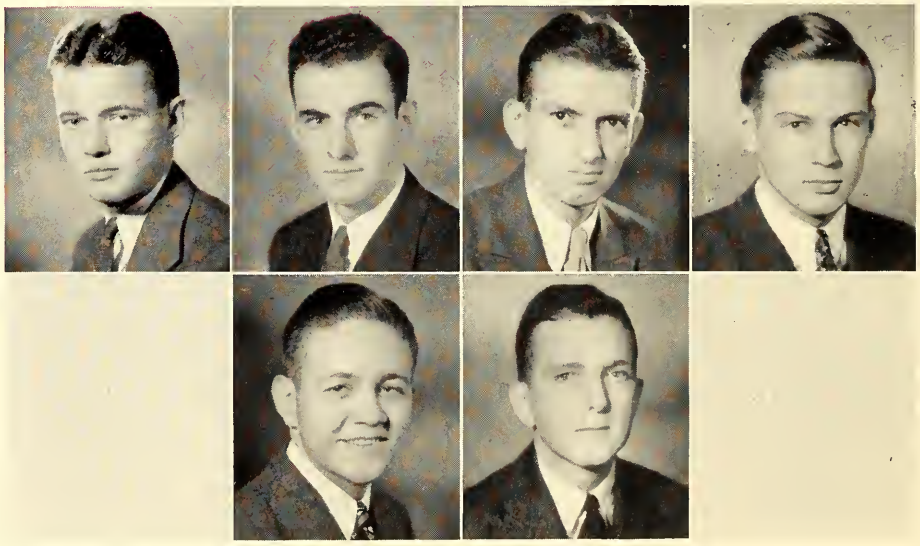
Pi Delta Epsilon has acquired a new responsibility in recent years, since its president also becomes chairman of the Board of Publications.

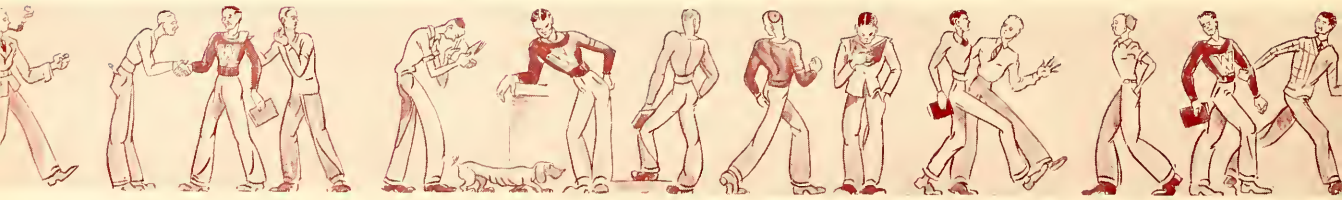
Members are chosen each Spring, primarily for excellence in journalism. Business managers of various campus publications are also eligible for membership in the fraternity, as a reward for their endeavors in the interests of jornalism.

The emblem of Pi Delta Epsilon is a small triangular key, on the back of which is usually engraved the owner's name, college, and year of initiation.

As soon as possible in the school year the name, address, and telephone number of each man in school is published in "The Bachelor" under the auspices of Pi Delta Epsilon.

The officers for this year were Robert McVie, Charles Klamer, and Robert Plummer.





HONORARIES

BLUE KEY

THE Wabash Blue Key was organized in 1934 as an outgrowth of the national honorary fraternity which has existed on the campus since 1924.

The organization is composed of men who are outstanding in extracurricular activities. It attempts yearly to sponsor some material improvement for the school. Each year the Blue Key selects members of the faculty to be honorary members; this year these were Dean Kendall, and Professors Johnson, Paterson, and Gronert.

The graduating members of Blue Key select eight juniors and two seniors to be new initiates.

The officers for the past year have been John Kingsbury, Jack VanDuzer, and James Shepard.

This year the Wabash Blue Key presented to the Butler chapter a key as a symbol of victory, after the Wabash-Butler football game.

Kingsbury, McVie, Plummer, Van Duzer, Moring, Miller, Snyder, Husting, Shepard.

SPHINX CLUB

THE Sphinx Club is an interfraternity honorary organization for men who are outstanding on the campus. Fraternity alignments are not considered in the choice of members, and a large percent of them are independents. Pledging of new men from the sophomore, junior, and senior classes is held twice a year, in the fall and in the spring.

Following a policy long established, the Sphinx Club elects some individual to the Hall of Fame each year. Last year Dean Kendall was selected for the honor. A cup is given annually to the fraternity which has the best homecoming decorations; this year the Kappa Sigmas won the award. Also, the Sphinx Club has pictures of the captains in the three major sports taken and framed. On Class Day the club awards the traditional lily, shovel, straw, and brown derby.

Pledges to the Sphinx Club this fall were Jack Van Duzer, Lenny Wolff, Bob Rogers, Ernie Miller, Wayne Johnson, and Crit Newell. Spring pledges were: Wayne Lloyd, Bill Pack, Wayne Hanscom, Bill Davies, Bill Baker, Roland Tauscher, and Edison Heintz.

The officers of the club were Prestin, Jack Burns, and Carl Bergquist.

Professor Montgomery was chosen for the Hall of Fame this year.

I. Newell, Berns, Cooney, Prestin, F. Heintz, Kingsbury, Kyle, Wood, Miller.

II. Hester, Rogers, Jones, White, Wolff, Moring, Bergquist, Gruca.

III. E. Heintz, Alexander, Hanscom, Lloyd, Tauscher, Johnson, Pack, Baker.

HONORARIES

OMEGA

OMEGA is an honorary fraternal organization developed to promote the activities of independent men in campus life. The Wabash chapter is composed of men who are active in campus activities and who have at least a one-point-five scholastic average.

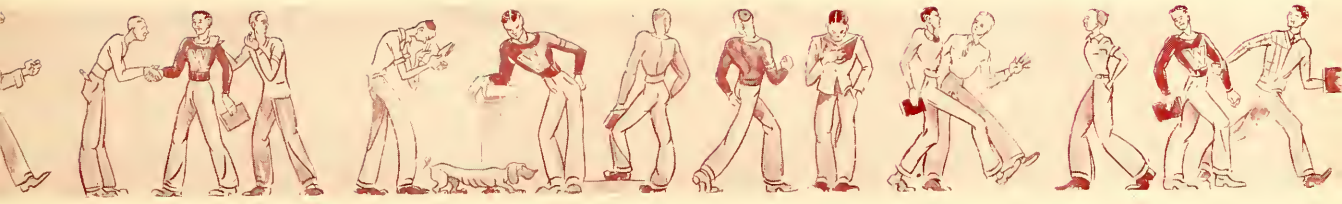
This year Omega assumed renewed activity in social functions. Early in the fall Omega sponsored a smoker for independent freshmen. In May a banquet for newly initiated men was held in Forest Hall. The most important event of the year for the society, however, was the all-school dance which it sponsored. The proceeds from this dance, which was held on March 20, went to purchase sweaters for the members of the band.

The following men were initiated into the organization last fall: Paul Ingersoll, Harold Hostica, Thomas Mastin, Carl Starnes, Herbert Risley, Carl Bergquist, Joe Gruca, Rudolph Bambas and Fred Walker.

The officers for the year were Charles Harrold, Jr., Fred Walker, and Sam Patton.

I. Veraguth, Ingersoll, Harrold, Walker, Bambas, Van Duzer.

II. Mastin, Hosticka, Bergquist, Gruca, Dawson.



ALPHA PI

FOUNDED for the purpose of correlating the various branches of science and bringing about a closer relationship of those students majoring in Division I is Alpha Pi, the local honorary science organization.

Meetings are held monthly at which papers on Physics, Chemistry, Botany, Zoology, and Mathematics are read by club members. At alternate meetings lectures are delivered by professors or guest speakers.

The membership in Alpha Pi is limited to those students who have maintained a one-point-five average, according to a new ruling effected this year. Eligible for membership are three-fourths of the seniors in Division I, two-thirds of the juniors in that division, and the professors in Science and Mathematics. Two sophomores of outstanding merit and who are probable Division I majors are also selected each year.

In addition to the annual banquet, Alpha Pi is planning a visit to the Culver Hospital where is located a very complete laboratory of X-Ray Therapy.

Officers for the year have been Charles Harrold, Harold Hosticka, and Fritz Heintz.

I. Savidge, Heintz, Harrold, Hosticka, Hough, Gineris.

II. Patton, Veraguth, Porter, Huber, Dawson.

III. Mastin, Seaman, Williamson, Reynolds, Shortridge, Bachmann.

HONORARIES

PHI BETA KAPPA

THE honor which is the most difficult to obtain on the Wabash campus is the election to Phi Beta Kappa. A man must have worked industriously throughout his college career to obtain this peak of scholastic distinction. For this reason the key to Phi Beta Kappa is significant of membership in the most treasured of all honorary societies at Wabash.

Election to Phi Beta Kappa is not an honor only at Wabash College, but it is a distinction which is desirable all over the United States. Phi Beta Kappa is the oldest national honorary society in the colleges and universities of America. It was founded at William and Mary College on December 5, 1776. Since that time it has expanded until there are one hundred and seventy-two chapters, the Beta chapter at Wabash being the forty-second in order of establishment.

On Class Day each year, the Beta chapter initiates its new men. They consist of not more than one-sixth of their graduating class and two members of the junior class, who have had an exceptionally fine record in school. The initiation takes place at a breakfast meeting which is held annually, in honor of the new men. The officers for the following year are also elected at this meeting.

The officers for the year 1936-1937 were:

Professor Domroese, President
Professor Lind, Vice-President
Professor Osborne, Secretary-Treasurer

PHI BETA KAPPA ELECTIONS, 1936

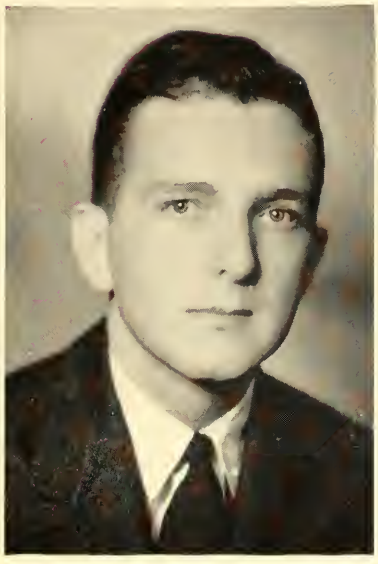
THE ARTS



JOHN KINGSBURY

Winner, of Baldwin and Evans Contests, third place, Indiana State Contest.

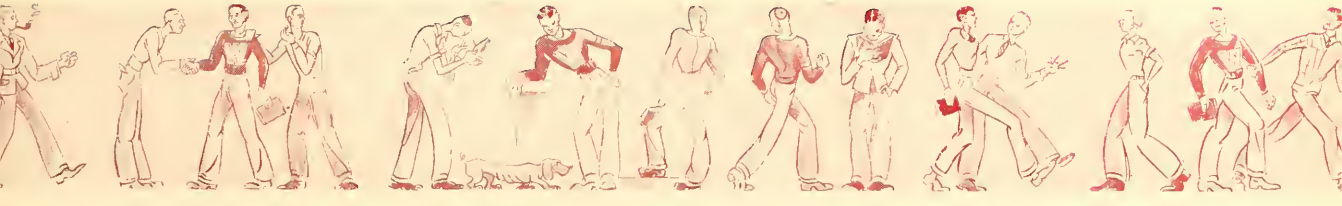
ORATORY

THE Speech Department at Wabash is famous all over the country, and many distinguished speakers have been turned out.

On May first, 1936, Warren Shearer, now an instructor in Speech at Wabash, won the Indiana State Peace Oratorical Contest for Wabash. The contest was held in Indianapolis, with Butler University acting as the host school. Shearer defeated the contestants from Anderson College, Franklin, Butler, Earlham, Manchester, Goshen, Marion, and Taylor.

John Kingsbury won the third place in the State Oratorical Contest held here at Wabash; he also won the Baldwin Oratorical Contest last June and the Evans Oratorical Contest of last fall. In all three of these contests he used the same speech, "The Last Mile."

Bill Larrabee won the Hays Oratorical Contest, held here at the end of the second semester last year.



THE ARTS

DEBATES

THIS year the Wabash Varsity Debate Teams, under the coaching of Warren Shearer, enjoyed a fine season. The teams participated in a total of sixty-one debates, of which twenty-one were non-decision matches. Out of the forty decision debates, Wabash won twenty-eight and lost twelve.

One of the especially interesting meets was the audience decision debate against Yale University. Wabash defeated one of the great Yale teams by a decision almost unanimous.

Wabash took third place in the Manchester College Tournament, with seventeen victories out of twenty-four starts. The following schools were debated this season: Anderson, Eastern Illinois, Indiana, Wheaton, Northern Illinois, Hanover, Capitol, Lake Forest, Western State, Wayne, Illinois Normal, Michigan State, Bowling Green, Manchester, Augustana, Rose Polytechnic, Asbury, Yale, Goshen, Adrian, Illinois Wesleyan, Monmouth, and James Milliken.

The annual Hays All-College Debate Awards were given to McVie, Gaines, Walker, Plummer, Martin, and Shepard.

I. McVie, Shepard, Shearer, Plummer, Walker.

II. George, Tharp, Custis, Martin, Wahl, Risley, Leming.

THE ARTS SPEAKERS' BUREAU

ONE of the fastest-growing organizations on the campus is the Speakers' Bureau. Previously directed by Dr. Brigance, it is now headed by Professor Phillips.

The organization has just completed its eighth year and has, in these years, filled eight hundred engagements. The record for the greatest number of speeches in one year was set by Bill Hays in 1936. Hays spoke thirty-two times and turned down as many more calls because he was too busy. However, Ford Larrabee's two-year record of forty-five speeches still stands.

The newest advancement, made this year, was the addition of the services of faculty speakers. Although the organization is primarily for student speakers, this addition has lent great prestige to it.

The Speakers' Bureau is important not only because of the opportunity for experience which it gives student speakers, but also because of its help to the College. The speakers appear before service clubs, high schools, women's clubs, teachers' associations, business men's clubs. In this manner the school is made known to worthwhile men and women. This publicity proves quite advantageous to Wabash.

I. Moore, Savidge, Gullion, Shepard, Lee.

II. Martin, Phillips, Wahl, Plummer.

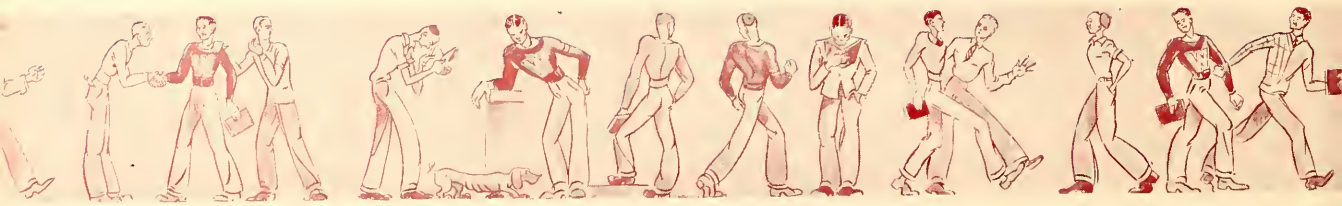
BAND

THE rythmic marches of the Wabash College Band rang out at all of the home football games this year, as well as at the DePauw encounter out of town. In addition, the Band played for pep sessions in the chapel, for "peerades," and for a few outside engagements.

New instruments have been added from time to time, a glockenspiel being one of the most recent purchases. The band members' uniforms of scarlet coats and military caps have been completed with the purchase of black whipcord trousers with a scarlet side-stripe.

One of the Sea-Goin' Band's most important activities this year was their sponsoring of the United States Navy Band concert in the Gymnasium.

This year, for the first time, recognition was given members of the band for services rendered. Omega made possible the presentation of white sweaters with scarlet lyres as awards for those who had been active in the band for two or more years.



THE ARTS

ORCHESTRA

THE fourth consecutive season of the Crawfordsville Orchestra has seen it even more firmly established about Wabash. The membership is composed of students and faculty members of the college, musicians from the High School and elsewhere in Crawfordsville, and members of the Indianapolis Symphony Orchestra.

The Symphony Society usually presents artistic recitals on the regular season schedule of three concerts. In January the Society sponsored a recital by Marjorie Howard Morgan, mezzo soprano, and Mary Nieman, pianist. Soloists at the regular concerts have been Vergil Phemister, bass, in December, and Mrs. Theodore Gronert, violinist, in March.

The president of the organization is Professor Domroese. The conductor for the past season was Joseph A. Gremelspacher, with Mary Avalyn Davis as guest conductor for the March concert.

The Wabash chapel is used for all rehearsals and concerts, and certain of the instruments and other equipment are furnished by the school.

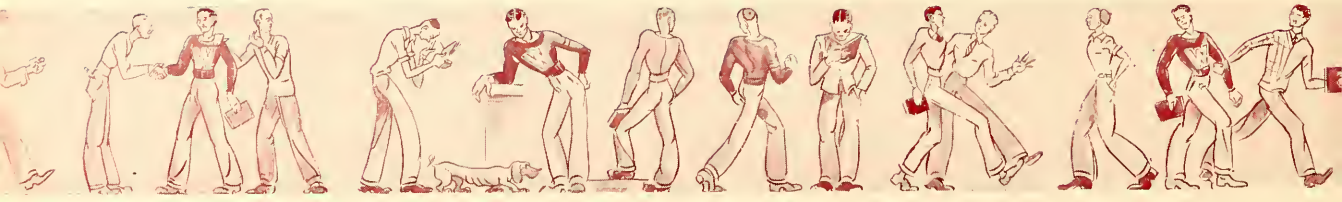
THE ARTS

GLEE CLUB CHORUS

THE Wabash College Glee Club was completely reorganized this year, with a view towards changing its purpose. Frank Fickes and Frank Knebel, President and Secretary respectively, were instrumental in abandoning the large concert organizations of the past seasons in favor of a compact body of skillful singers, adapted especially for radio work.

The Club's success is demonstrated by its record number of broadcasts. Under the direction of Professor Horton, the twenty-two Wabash choristers travelled to Lafayette in December, to sing over WBAA. The second radio performance was that over WIRE in January. The outstanding performance was given April 17 over the Blue Network of the National Broadcasting Company. The only "in person" performance was that in Chapel January 15.

Accompanists were Bob Stofer and Professor Prell. Featured in the concerts were a quartette, and solos by William Hill and Charles Livengood.



DANCE ORCHESTRA

ALTHOUGH the Wabash Collegians were organized only last year, they have since built up an enviable reputation as one of the leading campus dance bands in the state. They are in constant demand for local dances, in addition to fulfilling many out-of-town engagements.

The orchestra now possesses a full set of instruments, band stands, with amplifying apparatus and equipment for lighting effects. Excellent arrangements of the latest hit tunes are kept in stock, and special effects are arranged by Forrest Foreman, pianist. A local of the American Federation of Musicians has been organized on the campus by the Collegians.

Some of the principal engagements which the band has fulfilled include the first night of Pan-Hell, the Miami Triad, many high school proms, the Pi Beta Phi State Dance, and a half-hour broadcast over station WIRE in Indianapolis.

The Collegians played for a successful summer season at Turkey Run State Park Inn. This summer they have been booked by the South Shore Inn at Lake Wawasee, Indiana.

SCARLET MASQUE

COMPLETING a successful season, the Scarlet Masque presented on May first "Playboy of the Western World" for the approval of the Wabash student body and friends of the school. Last fall, as a part of the Parents' Day program, the group presented "Libel," as satire on the English judicial system.

"Playboy of the Western World" was directed by Dean Kendall and starred William Hill, the talented young freshman who also had the lead in "Libel." The setting of the play is in Ireland, and the players were required to employ Irish brogue. Students acting in the play were William Hill, Gilbert Supple, John Koffend, John Kingsbury, Louis Schaedler, Bob Boord, John Brumbaugh, John Meschuk, and Jack Ryder. Feminine parts were taken by Mrs. Kathryn Dinwiddie, Mrs. Charles Kuonen, Miss Miriam Clements, and Miss Mildred Linn. Frank Kyle and Neil McKay were, respectively, stage manager and property man.

"Libel," a three act courtroom drama, was directed by Professor Phillips assisted by Merle Bartoo. The cast included Max McCullough, William Hill, John Kingsbury, Risley, Mefford, Purdy, Janus, Knebel, Sieber, Newell, VanAuken, Boord, Brumbaugh, Ziegweid, and Ryder. Mrs. J. I. Osborne, Miss Eilene McKinley, and Mrs. Davidson took the feminine roles. Frank Kyle was the stage manager for this production also.

WABASH

THE Staff this year was divided into five groups, with a sophomore member at the head of each and responsible for the work of each. These sophomores, efficient assistant editors, were Custis, Supple, Fulton, Long, and Hanscom. Paul L'Amoreaux and Jack Curry were the camera editors; Earl Hollinger and Dick Stewart also helped. Freshmen on the Editorial Staff were Herron, Bullock, Dewey, Fisher, Bob Walker, Martin, Hamilton, Sanders, Doermann, McDermott, Post, Bill Burk, Eltzroth, and Steeg.

The Business Staff was headed by its Manager, Wayne Johnson, who made the book possible by securing the advertisements. His staff is shown below.

Editorial Staff, left side:

I. Sanders, Hamilton, Martin, Steeg, Fisher, Long, Hanscom.

II. Burk, Bullock, Walker, Post, Supple, Eltzroth, McDermott, Custis.

BACHELOR

UNDER the editorship of Bob Mathews, the Bachelor printed in the first semester the largest paper in its history—a ten page edition. Frank Fickes and Jack Lee helped in producing many six-page editions; Bob Davis secured the advertisements which made these practical. In the second semester a new system was devised, whereby there would be four positions, inferior to the editor, which would give eligibility to their holders for the position of Editor-in-Chief. These men were Carter Tharp and Jack Lee, Managing Editors; Bob Long, News Editor; and Frank Knebel, Sports Editor. Frank Fickes was raised to the position of Editor-in-Chief for the second semester.

CAVEMAN

THE Caveman, the campus humor publication, was founded in 1923. It publishes six issues yearly of jokes, cartoons, and libel. The magazine has been particularly successful this year due to the combined inanities of John Koffend and Sam Stone. Their "political" issue precipitated a mild riot, not only on the campus but also in the uptown district, by their nomination of Charles E. Gaines for President on the "Sno-Bull" ticket. The Caveman uncovered a great deal of undergraduate literary talent, and much of the resultant material was reprinted in college magazines elsewhere in the country. Circulation was increased this year by four hundred copies.

Charles Gaines
Director

NEWS BUREAU

THE Wabash News Bureau underwent a complete reorganization this year. Charles Gaines, present Director, and Richard Banta, College Publicity Director, increased materially the scope of the agency by creating four specific major divisions of news. Many new men were recruited to fill these new departments: Activities, Photography, Sports, and Fraternal Groups. Since the reorganization of the News Bureau there has been a great increase in the number of items written and dispatched. The cooperation between the Publicity Department and the original News Bureau has resulted in a highly efficient organization.

I. Robertson, Sloan, Elliott.

II. Walker, Griffin, Salyer.

CLUBS

FRENCH CLUB

THIS year the French Club, under the guiding hand of Professor Leavenworth, held its usual election meeting in the fall and the following officers were elected: Francis Fay, president; Verne Robinson, vice-president; Bill Rasmussen, social chairman. Mock platforms were devised, and were presented very humorously in French. Dr. Coulter was present and gave a very interesting talk on French Customs.

At the Christmas meeting a splendid dinner was served at the Leavenworths' home, and Mr. Collar related his experiences as a Marine in the Battle of Chateau Thierry. Appropriate presents were distributed by Le Pere Noel.

Professor Domroese extended a personal invitation to the members of the French Club to attend the showing of the Olympic Games pictures, and many of them enjoyed these.

In the second semester the bridge meeting was held at the Phi Gamma Delta house; and at the time of writing the members are hoping that the annual excursion to the Leavenworths' country place will take place as usual.

I. Spooner, Rasmussen, Fay, DeVoto, Long.

II. Dearborn, Messick, Tharp, McDermott, Risley, Hollinger.

III. Hill, VanDuzer, Purdy, Robinson.

CLUBS

DER Deutsche Verein plans three meetings each semester. On November 3 Professor Hutsinpillar addressed the club on the subject of his summer's trip in Europe. On December 13 the Christmas program was held at the home of the Domroeses. On January 8 Mr. C. Otto Janus of Indianapolis showed the two reels of pictures which he had taken in Germany, especially those taken at the Oylmpic Games in Berlin. Some fifty students attended this meeting. On February 19, in the music room of the Chapel, Professor Montgomery characterized five of the leading German composers: Bach, Beethoven, Wagner, Brahms, and Richard Strauss. Examples were played on the Capehart.

The purpose of the club is to foster German conversation and singing, and to acquaint its members with German literature and music.

GERMAN CLUB

I. Prell, Robinson, Veraguth, Bambas, Newell, Miller, Domroese.

II. Novosel, Haines, Colin, Schleich, Emerson, Shearer, Moore, Barlow.

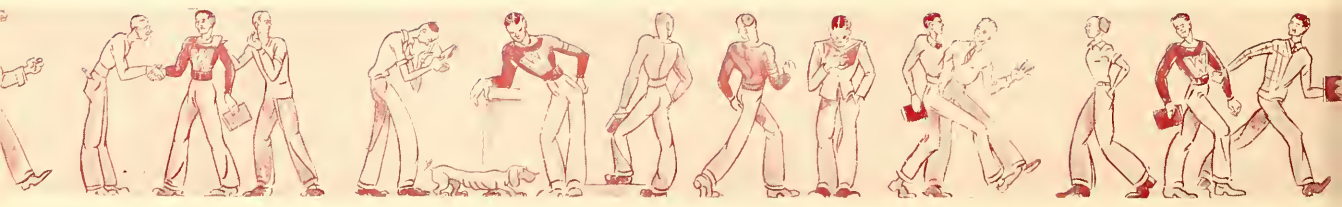
III. Zmija, Klokoski, Walker, Kobal, Van Duzer, Harrold, Meschuk, Ziegweid, Knebel.

INTERNATIONAL RELATIONS CLUB

MEETINGS of the International Relations Club are held once a month, at the various fraternity houses and in the old chapel. At these meetings, members discuss public affairs, national and international questions. The club is affiliated with the national organization of the same name. It receives from the Carnegie Foundation for International Peace gifts in the form of pamphlets on the various phases of international relations.

The officers of the club have been H. L. McKinsey, John Kingsbury, and Crit Newell. Mr. Tomlinson has been the advisor for several years, and this year he was assisted by Mr. Shearer.

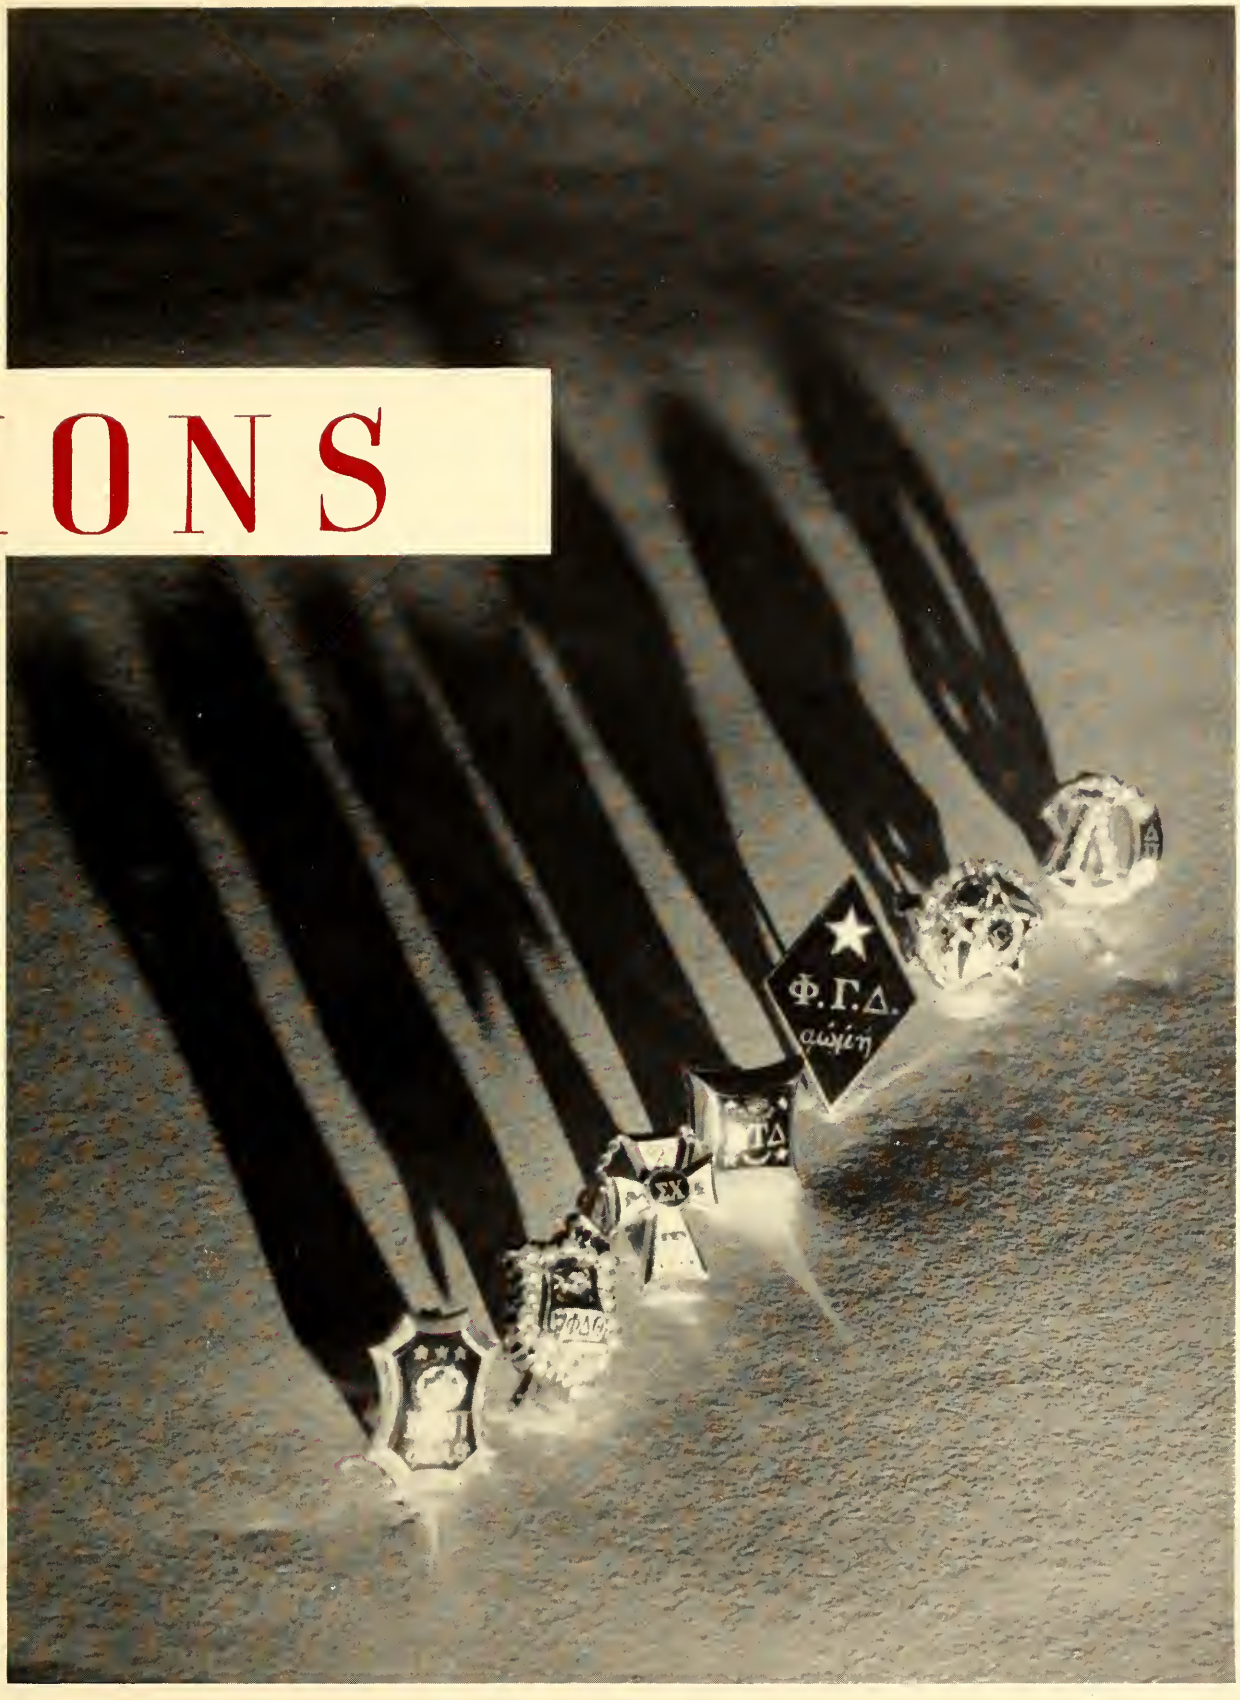
The club arranged for Major C. Douglas Booth, visiting Carnegie professor, to conduct an open forum on March 8. An alumnus of Wabash, Mr. Ellis Carson, spoke before the club and presented some interesting movies taken in Russia.

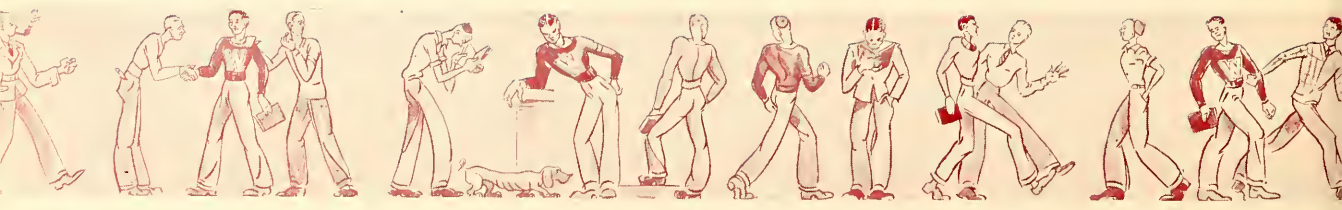


ORGANIZAT

THERE are seven fraternities on the Wabash campus; each group is different from all of the others, and each has its merits and its failings. Then there is the Association of Independent Men, the organization for those belonging to no fraternity group . . . opposite this page is a picture including the badges of the fraternities; we apologize for omitting a symbol for the Independents, but we couldn't find one.

IONS





PAN-HELLENIC COUNCIL

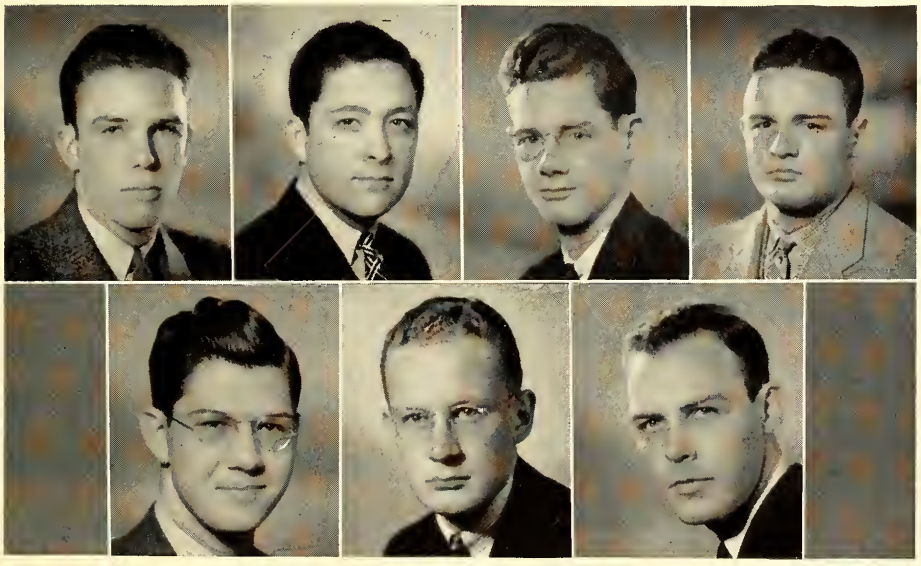
THE Pan-Hellenic Council is made up of one representative from each fraternity, who has been appointed by his predecessor. The Council attempts to maintain a close relationship among the fraternities in their social activities, and to maintain a high standard grade requirement for initiation. The Council also promotes scholarship by the award of a cup, at the end of each semester, to the house having the highest point average.

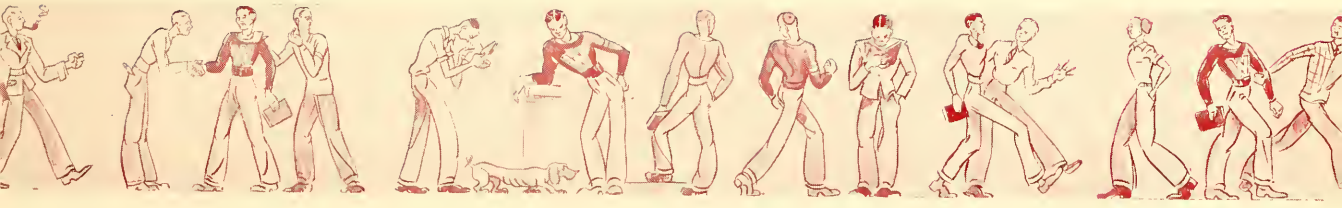
Probably the best-known function of the Council is the management of the annual spring dance, which is held each year around the middle of May. This dance is a two day affair, constituting the biggest week-end social event at Wabash.

The first discussions of the plans for this year's Pan-Hell dance were held early in February, and the avowed object of the Council was to have an even more successful affair. The orchestra of Red Norvo was secured, and he was accompanied by Miss Mildred Bailey.

Officers this year were Paul Husting, Brad Moring, and Jack Van Der Vries.

Alexander, Gullion, Holroyd, Moring, Moritz, Van Der Vries, Husting.





BETA THETA PI

I. Lawlis, Eltzroth, Fisher, Ryder, Loveless.
II. DeVoto, Hamlin, Jones, Long.
III. Ludington, McKinsey, Grater, White.
IV. Rogers, Holroyd, Robinson.

THE ASSOCIATION OF INDEPE

THE Association of Independent Men was organized to perform some of the functions for the Independents that the fraternities perform for those who have chosen to join them.

Independent men have as a meeting place Forest Hall, located on the west side of the campus. Forest Hall was the first building owned by the College, and when built, in 1833, it stood on the old school grounds north of the present campus.

I. Reynolds, Starnes, Anderson, Canine, Campbell, Elmore, McCarthy, Airhart, Hunt, Lane, Bambas, Van Duzer.

II. Kraus, Worley, Allen, Rutledge, Veraguth, Young, Colin, Hughes, Gineris.

III. Fuller, Dawson, Grimes, VanCleave, Moore, Boord, Cronk, Trout, Gorman, Schleich, Helfrich, Bergquist, Carr, Flanigon, Butler.

IV. Sumner, Hosticka, Burwell, Hawkins, Hoopingarner, Evans, Ratcliff, Lee, Beavers, Stout, Prestin, Gomberg, Lewellen, Barlow, Ingersoll.

V. Spears, Meritt, Patton, Williamson, Gruca, Wright, Meschuk, Hough, Zmija.

NT MEN

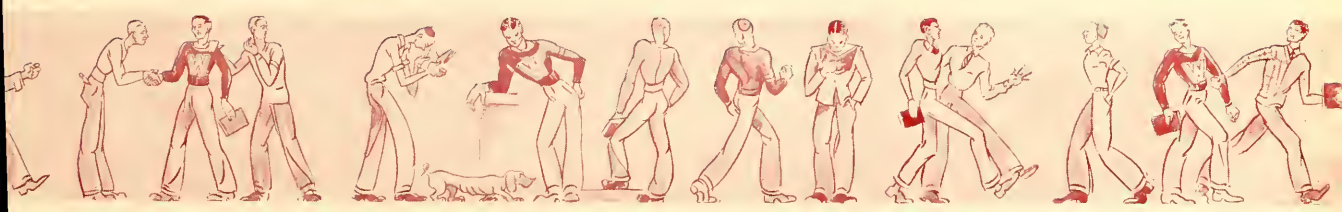
FOREST Hall was considerably remodelled the summer before last, and now provides living quarters for a dozen men, selected by the College. Also, it provides a place for meeting and recreation for the independent men. One room of the building is occupied by a sort of "canteen," where soft drinks and candy may be purchased and which is a gathering place for Wabash men between classes.

I. Risley, Tapy, Dailey, Shortridge, Hough, Zmija, Gruca, Wright.

II. Murdock, Moore, Graham, Himes, Nordmann, Flanigon, Arnett, Tauscher, Alexander, Prestin, Meschuk.

III. Hood, Starr, Johnson, Brady, Helton, Adams, Wakely, Holton, Stross, Novosel, Hunt, Lane, Walker.

IV. Tyler, Huber, Lee, Arnett, Patton, Meritt, Wedding, Moore, Barlow.



FEATU

FEATURES seems to be the inclusive title that is given to all that is left over from the other departments of the book. These are mostly photographs. We considered including some samples of literary work, but gave up in despair after reading a few poems submitted for the purpose. Fate, they convinced us, is opposed to poetry in year-books. And so we have the Homecoming decorations, freshmen activities, and a few shots calculated to show how the Wabash man enjoys himself.

WABASH COLLEGE

(Founded in 1832)

THE PURPOSE OF WABASH

"The term 'education' is of very extensive import. It relates equally to the moral and physical nature of man, and comprises the development and training of all his powers . . . But I have chiefly in view, in my remarks on liberal education, the improvement of mankind . . . Education in its application to the mind, comprises the development, right direction and permanent discipline of all its powers. To be thorough it must provide this harmonious and efficient action."

—From an address by the first president of the College, Dr. Elihu Whittlesey Baldwin, July 13, 1836.
